# SPIRIT SPECIFIC INFORMATION

### **UIL CHEERLEADING**

- CHEER FALLS UNDER THE **SPIRIT** TAB FOR UIL WHAT DOES THAT MEAN?
- It means that cheer/spirit squads have a set of *guidelines* which are unique to just them.
- It also means that a few things that apply to students on a team that falls under the athletic umbrella, *don't apply to cheer/spirit*:
  - **Parent Residence Rule** cheerleaders have to be a full time student at the school and be academically eligible, where they live does not matter for cheer.
  - **PAPF** new students who come in and make the cheer not need to complete a Previous Participation Form.

#### UIL 2021-2022 SPIRIT STATE CHAMPIONSHIP TENTATIVE DATES

September 15: Registration Begins November 5: Registration Deadline January 13-15: 2022 Spirit State Championship: Fort Worth Convention Center

#### UIL 2021-2022 SPIRIT STATE CHAMPIONSHIPS

We plan to go back to a conference schedule similar to what we utilized in years prior to the pandemic. Smaller conferences will compete first.

A specific schedule will not be available until registration ends and we know final numbers in each division.

#### 2021 SPIRIT STATE CHAMPIONSHIPS

Registering for 5A-D2 or 5A-D1 and 6A-D2 or 6A-D1?

- it won't necessarily be the same division your football Team plays in.
- Those numbers will be posted on the spirit page in the fall.
- Make sure you look at the split and the enrollment number your school turned in and register accordingly.

- 2-1-21: Head coverings worn for religious reasons so as not to expose ones uncovered head may be worn and must be attached in such a way that it is unlikely to come off during performance. It must be made of non-abrasive, soft materials; must fit securely and not pose a danger to any other participant.
- **3-2-1, 4-2-1:** Apparel/Accessories:

**ART. 1** ... b. Hold objects in a hand that is supporting a top person. Exception: A base and top person may share a pom during a dismount from a thigh stand, shoulder sit/straddle, shoulder stand, or prep.

• **Rationale:** The exemption clarifies the current interpretation of rules 3-2-1 and 4-2-1.

#### • 3-3-3: Inversions:

**ART. 3...** Braced inversions in a pyramid that do not flip or roll are permitted provided the following conditions are met:

... c. The top person and at least one bracer maintains hand-to-hand/arm contact.

• Rationale: Requiring hand-to-hand/arm contact may put the top person in a less than ideal position by having to force a connection with an arm instead of using the same technique they would if there were no bracer. This change would allow for common methods to be taught for common skills and lower the risk of injury.

• 3-3-6d: Suspended Stunts ART. 6...

d. When the stunt begins in an inversion and transitions to a noninverted position, the upper body contact may be released before the top person is no longer inverted.

 Rationale: No longer needed after 2020 rule changes discontinued the requirement for upper body contact.

- **3-5-5c:** Release Stunts/Tosses
  - **ART. 5...** Release transitions are permitted provided all of the following conditions are met throughout the transition:
  - ... c. The top person and at least one bracer maintain hand-tohand/arm contact except for the following skills:
- 1. If the release is to a cradle position, the contact may be hand-to-foot and the bracer must be in a double-based prep with a spotter.
   2 1. A non-braced top person in a vertical position at prep level or above may be released to the original bases to a stunt at any level provided the top person remains in a position where the upper body remains vertical and the legs are not in a seated/pike position. Vertical releases from an extended position to an extended position may not perform more than a ¼ turn.

- 3 2. A non-braced top person in a cradle position or horizontal position at prep level or below may be released to the original bases in a loading position or stunt at any level with no more than a 1/4 turn.
- Rationale: Allows the hand-to-foot release to land back in a skill or other position besides a cradle. This will allow for a cleaner rule and interpretation without increasing the risk of injury and eliminates the type of connection

• 4-2-8: Stunting Personnel

**ART. 8...** A spotter is required for tosses to single-base preplevel stunts in which the foot/feet of the top person is in the hands of the base and <u>for</u> tosses to single-base shoulder stands.

• Rationale: Clarifies that a spotter is required anytime the feet of the top person are in the hands of a base or during the toss portion of a toss to shoulder stand. Mirrors the language in 3-2-8.
