Briefly explain your desire to become 2nd Vice President of TGCA (50 words or less)

The TGCA has been the only organization I have been a member of that has promoted and been of service to all major female high school sports. Each position I have held has allowed me to gain a greater understanding of the time our leaders give to make the TGCA as successful an organization as it has become. I have always believed that any female who is involved in athletics has a greater chance of having a successful future. That is our charge as coaches and teachers. I would appreciate the opportunity to be involved in the continued success of our female athletes and our profession by being elected 2nd Vice President of the association.
